Calling All Angels

Santa Maria, Santa Teresa, Santa Anna, Santa Susannah,
 Santa Cecilia, Santa Copelia, Santa Domenica, Mary Angelica,
 Frater Achad, Frater Pietro, Julianus, Petronilla,
 Santa, Santos, Mirislav, Vladimir
 and all the rest

A man is placed upon the steps, a baby cries
 And high above the church bells start to ring
 And as the heaviness the heaviness oh it settles in
 And somewhere you can hear a mother sing

Then it's one foot then the other
 As you step out on the road
 You step out on that road
 How much weight? How much?
 Then it's how long? And how far?
 And how many times?
 Oh before it's too late...

Calling all angels
 Calling all angels
 Walk me through this one
 Don't leave me alone
 Calling all angels
 Calling all angels
 We're tryin', we're hopin'
 But we're not sure how this goes

Oh and everyday you gaze upon the sunset
 With such love and intensity
 Why, it's almost as if
 Oh if you could only crack the code
 Then we'd finally understand
 What this all means

Oh, but if you could
 Do you think you would
 Trade in all, all the pain and suffering?
 Oh, but then you'd miss the beauty
 Of the light upon this earth
 And the sweetness of leaving

Calling all angels
 Calling all angels
 Walk me through this one
 Don't leave me alone
 Calling all angels
 Calling all angels
 We're tryin', we're hopin'
 But we're not sure how
 Calling all angels
 Calling all angels
 Walk me through this one
 Don't leave me alone
 Calling all angels
 Calling all angels
 We're tryin', we're hopin'
 We're lovin' and we're hurtin'
 We're cryin', we're callin'
 Because we're not sure how this goes...
