About the artist

I was raised in Indiana. I attended Austin Peay and Indiana State Universities and graduated with a Bachelor's degree in music education. I played professionally in Houston, Tx for nearly 20 years, before starting a teaching business, which I have done now for 15 years. During much of that time, I wrote and co-wrote songs and pitched them to country artists. Last year, I had a few children's pieces published in the "Hymns I Know" series by Kjos Publishing Co. which are available at <http://www.samash.com> Now I enjoy writing instrumental music, available as audio at <http://www.rhapsody.com/philhamm/lifetimeopus> and arranging serious pieces and hymns in public domain for myself and my students. I have recently begun to give lessons via web cam. I have found several of my arrangements being offered at other web sites. Please do not post my work on another site. Thank you.
