Rap
 Keep rockin', and keep knockin'
 Whether you Louis Vuitton it up or Reebokin'
 You see the hate, that they're servin' on a platter
 So what we gon' have, dessert or disaster?

Tell me now can you make it past your Caspers
 So we can finally fly off into NASA
 You was always the cheerleader of my dreams that
 Seem to only date the head of football teams
 And I was the class clown that, always kept you laughin'

We, were never meant to be baby we just happen
 So please, don't mess up the trick, hey young world I'm the new slick rick
 They say I move too quick, but we can't let the moment pass us
 Let the hourglass pass right into ashes

Let the wind blow the ash right before my glasses
 So I wrote this love letter right before my classes
 How could a goddess ask, someone that's only average
 For advice, OMG, you listen to that bitch?
 Whoa, it's me, baby this is tragic
 'Cause we had it, we was magic
