58 Ive loved and Ive lost

It's my birthday, I'll get high if I want to
 Can't deny that I want you but I'll lie if I have to
 Cause you don't say you love me to your friends
 When they ask you, even though we both know that you do
 One time been in love one time
 You and all your girls in the club one time
 I was so convinced that you're following your heart
 Cause your mind don't control what it does sometimes
 We all have our nights though, don't be so ashamed
 I've had mine, you've had yours, we both know
 We know you hate being alone
 When you ain't the only one
 You hate the fact that you bought the dream and they sold you one
 You love your friends, but somebody should've told you something
 To save you.. instead they say:

Don't tell me, I don't care
 If you hurt, I don't tell you
 You don't care, it feels good
